

KIEFER DIAS

Phone: (91) -7218043610

Email : [kiever25dias6980@gmail.com](mailto:kiefer25dias6980@gmail.com)

SKILLS

Programming Languages

JavaScript, typescript, C++, Java, MySQL and NodeJs

Frameworks and Tools

Figma, Ajax, JQuery, GIT, React, Nextjs, Redux, Tailwindcss, bootstrap, HTML, CSS, Framer motion, React Email and wordpress

EDUCATION

- **Padre Conceicao College of Engineering**
Bachelor of Computer Engineering

Verna,Goa-India
June 2016- Aug 2020

EXPERIENCE

- **Enigmasoft Technologies**
Frontend Developer

Panjim, Goa-India
September 2022- Present

Core technologies: HTML, CSS, JavaScript, Bootstrap, WordPress, and AJAX.

I was able to quickly integrate into ongoing projects, thanks to my strong understanding of project workflows and my ability to quickly adapt to new team environments.

Key Achievements

- Completed an ongoing project on time and received a medal for outstanding contributions.
- Handled multiple projects at once and ensured timely completion with high quality.
- Became the main point of communication in the team when key team members were absent, ensuring effective collaboration and smooth execution.
- Improved website optimization significantly by implementing best practices and optimization techniques, resulting in better user experience and engagement.

- **Tangentia**
EDI-developer

Porvorim, Goa-India
June 2021 - Feb. 2022

Core technologies: MySQL, EDI development, Scripting, Basic network connections.

As an EDI Developer, I developed software solutions and configured network connections to meet clients' specific requirements. I conducted testing and optimization of connections for optimal performance, and promptly resolved client issues.

Key Achievements

- Coordinated with multiple departments and stakeholders to ensure on-time completion of a new system launch within challenging sprints.
- Worked closely with clients, providing timely work progress reports and addressing their feedback to ensure the final product met their expectations and requirements.

- **Alphacode**
Frontend Developer / UI/UX designer

Margao,Goa-India
July 2018 - May 2021

Core technologies: HTML, CSS, Javascript, AJAX, Figma, Photoshop, JSON

Brought on board as a core team member to work closely with the client and the website needs. Conduct calls with client. Design website templates and UX flow. Develop the frontend component for the website .

Key Achievements

- Conducted client calls and initiated requirement phase.
- Designed and tested website designs. Template workflow and prototyping.
- Created multiple frontend components for website using the mentioned tools and languages.

PROJECTS

- **CELEB CLASSIFIER**
hackathon project (First Place Winners)

This AI project utilizes state-of-the-art convolutional neural networks (CNNs) and deep learning algorithms to perform face detection and recognition tasks. The model is trained on large-scale datasets using complex architectures, enabling it to accurately detect and track human faces with high precision and recall rates.

- **GURUKUL SCHOOL**
Client website

The website was built from scratch using HTML and CSS for a school client, and integrated with a CMS for easy management and rendering of information. The platform enables seamless updating of events, news, and resources while ensuring a user-friendly experience for students, parents, and teachers.

Link-<http://www.gurukulacademyponda.com/>

- **CARBONYTE WEBSITE**
Client website

This landing page utilizes onscroll render method to minimize load time, ensuring a seamless and engaging user experience. The visually appealing design and relevant content is loaded as the user scrolls down the page, resulting in improved performance and reduced bounce rates.

Link-<https://carbonyte.io/>

- **GENIUS TELECOMS WEBSITE**
Client Website

The telecoms service website is highly optimized and integrated with a CMS, utilizing all best practices to ensure an exceptional user experience. The platform offers streamlined navigation, intuitive design, and quick load times, resulting in a seamless and efficient user experience.
